Full-stack developer with hands-on experience in building a multi-role web application using Laravel, PHP, JavaScript, and PostgreSQL. Dedicated in developing scalable and maintainable software by applying software engineering principles.

TACHNICAL SKILLS

Languages: Java, Python, C#, HTML5, CSS3, JavaScript, PHP, SQL

Frameworks and Platforms: .NET Core, ASP.NET Core, Laravel, Node.js, Tailwind CSS, Android Development (Java)

Databases: MySQL, PostgreSQL, SQL Server, SQLite, MongoDB, Supabase

Developer Tools & IDEs: Git, GitHub, XAMPP, Herd, Visual Studio, VS Code, Android Studio

Graphics & Simulation: Pygame, PyOpenGL, Blender

PROJECTS

School Management & Enrollment System with SMS Notification *July 2026 – Nov 2026*

Laravel, PHP, JavaScript, Tailwind CSS, Semaphore SMS API, Supabase (PostgreSQL)

- Developed a multi-role web application using Laravel to streamline the school operations and administrative tasks, eliminating manual data entry bottlenecks.
- Integrated SMS notifications with Semaphore to notify applicants about their applications status and remind them about the due dates of tuition fees.
- Implemented Class Table Inheritance (CTI) to centralize shared identity attributes across the 5 user roles while isolating role-specific fields, and decompose monolithic enrollment applications entity into sub-entities to optimize query performance.

EDUCATION

Bachelor of Science in Information Technology *2023–2027*

STI College - Batangas | Batangas, Philippines

- **Relevant Coursework:** C# Programming (WinForms), Android Development (Java), Web Development, Data Structures & Algorithms, Database Management Systems, Software Engineering, Graphics Programming

CERTIFICATIONS, SEMINARS, AND AWARDS

Certifications

Ethical Hacking Essentials | EC-Council *Expected December 2026*

Cloud Foundations | AWS Academy *October 2026*

SAP S4HANA Business Process Modules | SAP University Alliances *June* 2025

Java Fundamentals | Oracle Academy *June 2024*

Seminars

eGOVPh Super App Orientation | DICT Region IV-A *May 2024*

Cybersecurity Awareness for STI College - Batangas | DICT Region IV-A *May 2024*

Technopreneurship and Startup Initiatives | DICT Region IV-A *May 2024*

Awards

Tagisan ng Talino – Codefest (Mobile Dev Hackathon) Campus Level Champion | STI College - Batangas *March 2026*
